Experience

(2017) Third Age Reforged - Online
Game Designer & Producer

Activities:
Lead Developer
Level Designer
Concept Artist & 3D Modelling
Online Community Manager

After recruiting a team of developers, together we created a submod for the game Medieval II: Total War. Using mediums such as Youtube and TwitchTV I have promoted the mod successfully. We have even earned 4th place in the Moddb Awards of 2017 this year. (4th place out of 30,000 mods).

(2014) Rome 2 Total War Modding Team - Online

Activities:
Concept Artist & 3D Modelling

I took part in the Development of a Rome II: Total War Mod. The Mod includes various factions such as, Thessalia and Assyria, which I personally contributed as factions. In order to conceptualize these factions I researched alot about their cultures historically and implemented this to their concepts.
